Haringey Friends of Parks Forum

NO TO CUTS IN HARINGEY PARKS!

No cuts to staffing, maintenance budgets or on-site depots. Support our parks' workers!

We the undersigned are extremely concerned about, and object to…

- **the slashing of local park budgets by over 50% (£1m)**
- **the threat of drastic cuts to the number of staff working in our parks. Staff are currently being consulted over compulsory redundancies - we send them our support.**
- **plans to close a number of parks' depots or lease them out to street cleaning teams**

We believe this will make our green spaces unsafe, and return them back to the shocking neglect of the 1980/90s. We call on the Council to halt the plans.
